- Yes, for court.
- Ok we can do that for you. The court approved test we have is approved in every US court. All testing is done through our affiliate DNA Diagnostic Center (DDC) the largest paternity Lab in the country.
- For two people, father and child, the test is \$219 total, which includes **all** the documents, notary, medical directors signature etc etc. The test is actually more formal than an actual birth certificate.
- Is the test for you (male, alleged father) ?
- Yes
- And is there one child...a girl or boy?
- A baby boy, he is 6 months.
- Great, are you still with Mom?

- I am available but need to find out about my son.
- Let's go ahead a start the process by scheduling your appointment though, then we can separately schedule your Son's appointment through Mom. All samples are matched through the case number when they arrive at the DDC National Lab.
- OK
- We have an appointment available at 3:00 today
- OK, how do I pay?
- Once the appointment is scheduled and confirmed your credit card will be run for the \$219.
- Ok
- OK, what is your full name and date of birth....and your Son's?
- Answer
- I will email you the appointment confirmation and a receipt for the test.
